Key Skills and Abilities

Interpersonal skills and bedside manner

Ability to put patients at ease and inspire their trust. Highly developed communication skills enable me to listen, respond and adapt to patients from a range of cultural backgrounds in a clear and empathetic manner. I have a genuine concern for all patients and take the time to explain their condition and treatment options.

Reliable medical knowledge and diagnostic skills

Proven ability to make sound diagnoses following accurate case-taking, examination of patient and interpretation of diagnostic procedures.

Ability to remain calm under pressure

Experience working with limited staff and a high volume of patients who present with both emergency and non-emergency cases. Able to remain calm and methodical in my examination, diagnosis and treatment of patients, even in testing situations.
