### Skills Summary

Diagnosis and treatment of patients, long term follow up and field work.

Know my way around most computers and good at English language. Some knowledge in advanced physics and mathematics.

### **Education**

***MBBS graduate (Amala Institute of Medical Sciences, Thrissur) - 2012 with permanent medical registration TCMC - 45285***

### **Experience**

#### ***NACO at ART Plus Center, Govt. Medical College, Thrissur, Kerala***

From **Nov 2012 to August 2013**. Responsible for diagnosis, treatment and long term follow up of patients with provision for tracking missing patients. Management of inventory. Periodic and on demand reporting of all treatment statistics with data from up to 20 years for use with the government and other approved parties like press.

#### ***Ad Hoc Medical Doctor for Kerala State Health Services***

From **August 2013 to Nov 2013**. Basic clinical work and several hours of field work, mostly in immunization and MCH programs.

#### ***Project Manager for Reliance Foundation, Mumbai***

From **February 2014 to June 2017**. Basic clinical care, treatment and follow up. Management of inventory. Required daily and on demand reporting and work on a computerized patient records system over the internet. Involvement in lots of field work in an urban setup and some work in remote places.

Apart from clinical management my jobs gave me ample opportunity to manage a team and kept me responsible for both periodic and on demand reporting of statistics. All these jobs also emphasized on field work and being involved in society at large.
