## WORK HISTORY

Clinical Pharmacist Intern / Mandya Institute of Medical Sciences and Teaching Hospital-MIMS - KA / 08.2018 - 08.2019

- Compared prescription details against safety standards and insurance requirements to support patients.
- Evaluated patient histories to assess medication compliance and spot issues such as doctor shopping or excessive usage.
- Recommended OTC devices or medication options to help mitigate individual symptoms.
- Educated patients on possible drug interactions, potential side effects and optimal methods of administration.
- Advised physicians on how to properly dose medications.
- Educated patients on proper medication use.
- Partnered with physicians and other members of healthcare team to optimize patient care through effective use of medications.
- Administered immunizations and met with patients for medication consultations, effectively improving awareness of pharmacy's health services.
- Interpreted prescriptions from healthcare providers to properly dispense medications and health products.
- Checked medication bottles for proper labeling before allocating to patients.
- Analyzed trends in medication use and made recommendations for policy updates.

- Advised patients on medication side effects and contraindications and explained how to properly take medicine.
- Provided consultations and answered inquiries from patients, healthcare professionals and physicians regarding drugs, potential side effects and specified use.
- Assisted patients in minimizing medical expenses by recommending generic alternative prescription medications.
