## OBJECTIVE

Reliable, enthusiastic and accomplished health care professional with comprehensive knowledge of the principles, practices and operational techniques of clinical, hospital and community pharmacy looking for a **Clinical Pharmacist** position where in-depth knowledge of clinical pharmacy procedures can be aptly used to enhance the efficiency of the healthcare organization and to provide a better patient care.

## PROFESSIONAL EXPERIENCE

- Completed 1 year Internship as **Clinical Pharmacist** at Amrita Institute of Medical Sciences, Kochi, India (**1450 bedded Hospital with NABH Accreditation**) from 06/08/2018 to 05/08/2019.
- Worked as Pharmacist Trainee at Parayil Medicals, Aluva, India from 26/12/2015 to 27/08/2016.

## EDUCATIONAL QUALIFICATIONS

- **Doctor of Pharmacy [Pharm.D (Post Baccalaureate)], 2016-2019** from Amrita School of Pharmacy, Kochi, Kerala, India (Amrita Viswa Vidyapeetham University).
- **Bachelor of Pharmacy (B.Pharm), 2011-2015** from Pushpagiri College of Pharmacy, Thiruvalla, Kerala, India (Kerala University of Health Sciences).
- **12<sup>th</sup>** standard (Science) from M.E.S Indian School, Doha, Qatar (CBSE).
- **10<sup>th</sup>** standard from M.E.S Indian School, Doha, Qatar (CBSE).

## TECHNICAL SKILLS

- Antimicrobial Stewardship
- Medication Therapy Management
- Patient Medication Counseling
- Drug Information Queries
- ADR Reporting
- Medication History
- Medication Dispensing
- Prescription Audit

## ROLES AND RESPONSIBILITIES

- Assess the status of the patient's health problems and determine whether the prescribed medications are optimally meeting the patient's needs and goals of care.
- Evaluate the appropriateness and effectiveness of the patient's medications.
- Recognize untreated health problems that could be improved or resolved with appropriate medication therapy.
- Follow the patient's progress to determine the effects of the patient's medications on his or her health.
- Consult with the patient's physicians and other health care providers in selecting the medication therapy that best meets the patient's needs and contributes effectively to the overall therapy goals.
- Advise the patient on how to best take his or her medications.
- Support the health care team's efforts to educate the patient on other important steps to improve or maintain health, such as exercise, diet, and preventive steps like immunization.
- Completing pharmacy operational requirements by organizing and directing technicians work flow, verifying their preparation and labeling of pharmaceuticals, verifying order entries.
- Protecting patients and technicians by adhering to infection-control protocols.
- Maintaining safe and clean working environment by complying with procedures, rules, and regulations.
- Maintaining pharmacological knowledge by attending educational workshops; reviewing professional publications; establishing personal networks; participating in professional societies.
- Developing hospital staff's pharmacological knowledge by participating in clinical programs; training pharmacy staff, externs, residents, and health care professionals.

## CLINICAL ACTIVITIES

Routine clinical rotations in various departments such as:-

- Antibiotic Stewardship Program
- Drug Information Centre
- General Medicine ICU
- General Surgery
- Paediatrics
- Orthopaedics
- Endocrinology

This helped me to gain ample training and skills in taking Medication History, identifying Drug Related Problems, answering Drug Information Queries, reporting Adverse Drug Reactions (ADRs), rectifying Medication Errors and providing Patient Medication Counselling.

## THESIS WORK

Assessment of the impact of **Antibiotic Stewardship** in Pediatric cardiology surgical patients.

## PUBLICATION

Assessment of the impact of Antibiotic Stewardship in Pediatric cardiology surgical patients, Research Journal of Pharmacy and Technology; Vol: 13 No: 03: March-: 2020
