Working Experience

23/08/2019–30/01/2020

Pharmacy • Observership • Aster Medicity Ernakulam

Completed six months of Observership from Aster Medicity Ernakulam. During this six months were worked in in-patient and out-patient pharmacy. Being an observer, I practiced the way of dispensing a medicine from billing to patient side. Simply picking a prescribed medicine instead of checking its batch, expiry date and price it will be effective for avoiding errors. Packing of high alert and chemotherapy medicines in separate high alert envelopes and stickers for the easy identification to avoid administrating errors from nurses.

Weekly and daily stocking of high alert and chemotherapy medicines will be helpful for finding stock variation and purchasing.
