During her service with us , we found her sincere and hardworking , she is very -
Intelligent and posses a good moral character .

We wish her all success in her future endeavors .

For

Note : Assay result should be interpreted only in the Context of other laboratory finding and the total clinical status of the patient.

Note: All investigations have their limitations which are imposed by the limits of sensitivity and specificity of individual assay procedures as well as the quality of the specimen received by the laboratory. Isolated Laboratory investigations never confirm the final diagnosis of the disease. They only help in arriving at a diagnosis in conjunction with clinical presentation and other related investigations. Report may vary depending on the technology. Value of two technologies are not comparable.

All disputes are subject to Ernakulam Jurisdiction only
