ramanan-1362311a9

## SKILLS

**I have experience with all the routine surgeries such as:**

- Tympanoplasty.
- Mastoidectomy.
- Septoplasty.
- Endoscopic sinus surgery.
- Endoscopic dacrocystorhinostomy.
- Tonsillectomy.
- Adenoidectomy.
- Microlaryngeal surgery.

**I have assisted head and neck surgeries such as:**

- Thyroidectomy.
- Parotidectomy.
- Head and Neck oncosurgeries including oral cavity cancer surgeries along with reconstruction.
- Neck dissections

**I am equipped in performing emergency procedures such as:**

- Tracheostomy.
- Foreign bodies in aerodigestive tract.
- Nasal packing.
- Nasal fracture reductions.

As a post graduate student, I have also taken classes for (MBBS 3<sup>rd</sup> year) undergraduate students on a regular basis, covering most of the clinical topics in the ENT curriculum. I have also done temporal bone dissections under the guidance of my professors during my tenure as a postgraduate.

## RESEARCH

My thesis was titled “Assessment of Changes in Intranasal Moisture as An Effect of a Deviated Nasal Septum Using Intranasal Schirmer Test”- and is the first study of its kind in the Indian Population

**I have the following publications:**

"Test, Track and Treat the Devil in Paranasal Sinuses" published in:

- Bengal Journal of Otolaryngology and Head Neck Surgery, 29(1), 106–109.

Three publications are awaiting acceptance in the following journals:

- Annals of Otology, Rhinology & Laryngology.
- An International Journal of Otorhinolaryngology Clinics.
