## Career

### objective

Seeking a challenging position in a reputed organization where I can learn new skills, expand my knowledge, and leverage my learning. To get an opportunity where I can make the best of my potential and contribute to the organization's growth.

### Summary

A dedicated and patient-focused anesthesia technician with a diverse medical background in pre-operative care, operating room and post-operative care seeking a position within a reputable, exciting healthcare system. Exceptional capacity to multitask: manage competing priorities with ease while fostering delivery of superior patient care

- Trained in Gynecology OT, Cardio Thoracic OT Surgery OT, Orthopaedics OT, Ophthalmology OT, ENT OT, Urology OT, Robotic OT and Neurology OT during the 4 year posting in the Anesthesia Department as part of curriculum.
- Trained to assist the anesthesiologist outside operation theater in areas like MRI, CT scan, Colonoscopy, Bronchoscopy to provide sedation.
- Active listening abilities, facilitating clear communication between doctors and patients, ensuring patient needs are met.
- Efficient time management abilities that allows to respond quickly in high-volume environments, such as ERs and ICUs
- Assisted the anesthesiologist for providing local anesthesia, general anesthesia, regional anesthesia ( spinal and epidural) , nerve blocks, assisted in central line insertion. I have also done the IM and IV insertion under the guidance of an anesthesiologist.
- Took classes and assigned academic works to junior students in the absence of tutor.
