

## DR. MERLYN M. DAS

> PRC KMC REG.NO. 36822

> GMC REFERENCE NO. 7956968  
(STATUS AWAITED)

### SUMMARY

Graduating MBBS has fortified in me the ardent will to serve the sick. I intend to work in a hospital of repute which would enable me to perfect my doctor skills through ample practical opportunities and align them with my spotless desire to be of substantial use to humanity.

As an aspiring Emergency Medicine Consultant who aims to clear the MRCEM examination, I would like to work in the Department of Emergency Medicine and challenge myself with copious real-time situations demanding hairline diagnoses.

### EXPERIENCE

#### Intern, HSK Hospital & Research Centre, Bagalkot.

11-05-2021 - 10-05-2022

During the one-year compulsory internship, I oscillated between various medical and surgical subspecialties, gaining a good learning curve. The duties I performed included attending to in-patients, liaising with them, the nursing staff, and my seniors, and updating in-patients' treatment and drug charts. I regularly performed procedures like IV-line insertion, catheterization, suturing, ascetic tapping, and pleural tapping during the internship period.

### EDUCATION

#### Bachelor of Medicine and Bachelor of Surgery (MBBS)

2016 - 2022

S. Nijalingappa Medical College and HSK Hospital and Research Centre, Bagalkot

#### Grade 12 - Indian School Certificate (ISC)
