PROFESSIONAL EXPERIENCE:

(1) PG RESIDENT:

PG Resident Period: 10th May 2018 to 31st October 2021

Hospital: Kasturba Medical College, Manipal, Karnataka

Details of the hospital and department:

The Department of Pathology in Kasturba Medical College, Manipal, under Manipal Academy of Higher Education, started the MD Pathology course in the year 1965. The department provides its diagnostic service through its NABL accredited labs and is a part of Kasturba Hospital which is ISO 9001:2008 (Quality Management system) and ISO 14000 (Environmental Management System) certified. The department has air-conditioned spacious laboratories equipped with state-of-the-art instruments, ten-headed and penta-headed microscopes with plasma TV for postgraduate teaching, an air-conditioned library with more than 120 books and academic CDs along with open access peer reviewed journals. All faculty members are trained in basic and advanced medical education technology as well as in the new competency based medical education (CBME) curriculum for undergraduate and postgraduates as prescribed by National Medical Council.

The department handles over 20,000 histopathology, 16,000 cytopathology & 6000 immunohistochemistry requests per year and has an extensive panel of over 80 immunohistochemistry markers. A 24x7 Hematology and Clinical Pathology laboratory caters to in-patients and out-patients and processes about 8,000 tests per day. This laboratory is a referral centre for surrounding districts and neighbouring states.

The Department is involved in research activities including national and international funded research with a scope for postgraduates to be involved in the projects. The Department works with the Manipal Comprehensive Cancer Care Center which is recognised by European Society of Medical Oncology and is part of National Cancer Grid. As an integral part of the cancer care team, pathologists engage and attend tumor board meetings and discussions. The students have ample opportunity to carry out research under the expert mentorship of senior faculty and to present scientific papers in national and international conferences, and publish in high impact peer-reviewed journals.
