PROJECTS

A STUDY ON THE POSITIVE BEHAVIOR CHANGE OF FEMALE SEX WORKER'S WITH SPECIAL REFERENCE TO SURAKSHA PROJECT IN ARSHABHARATH NGO KATTAPPANA.

Based on the Suraksha project site, Arshabharath NGO, Kattappana social worker conducted a descriptive study on the positive behavior changes of the female sex workers who have 3 years of experience in both sex work profession and Suraksha Project. Through the study social worker observed that positive behavior change is occurring with them due to the impact of Suraksha Project and its training. The study submitted in MG University Kottayam.

STUDIES ON ANTIMICROBIAL ACTIVITY OF ESSENTIAL OIL FROM CITRUS SINENSIS.

The project work was done in Scire Science Laboratory Knifra Park Kochi. The project provided a relevant knowledge that organe and its peel are very useful products for the preparation of olive oil
