

Dr Kiran Babu

OTORHINOLARYNGOLOGIST

Career Objectives

A dedicated and hard working surgeon with a excellent track record. I finished my residency in otorhinolaryngology in the year 2020. I currently work as a consultant in two mission hospitals and one clinic in a rural area of south India. I am seeking opportunities to acquire training and conduct research in the areas of the skull base and head and neck surgery. I hope the training I receive can be used to serve my patients more efficiently and comprehensively.
