Biography

Radiology has always fascinated me throughout my studies as it has the ability to picturize the human body beyond our naked eyes. And I also believe the role of a radiographer is inevitable for both medical science and humanity. Though I am at the beginning stage of my knowledge and experience, I can assure you that I have the motivation and will to expand my knowledge and gain more experience. The ultimate goal I envision is becoming a dedicated and creative radiographer. Give me an opportunity, I will do the best I can.

Work experience

Radiographer

11/2021 - Present

Suyog Hospital (400 Bedded Multispeciality Hospital)
P/2 Dakshineshwara Road, E and F Block,
Ramakrishnanagar, Mysore, Karnataka

I worked as Radiographer, operating MRI, CT, X ray, C-arm and OPG.

- I have captured and developed diagnostic images based in physicians suggestions.
- Developed clinical judgment to position MRI (1.5T SEIMENS) , CT (16 Slice SEIMENS), X-ray (Skanray), C-arm (SEIMENS), OPG (Myray) equipments for better imaging.

Internship|Fresher
