**A STUDY ON IMPACT OF WORK -LIFE BALANCE OF EMPLOYEES
PERFORMANCE WITH SPECIAL REFERENCE TO PRIVATE SECTOR BANKS IN
PERUMBAVOOR**

Work life and personal life are two sides of the same coin. Increasing work burdens, globalization and industrial development have made it an issue with all professionals, working across all levels and all businesses throughout the world. The banking industry is one which is fronting the force of the threat of work- life imbalance. Work limits are getting snugger and the individual's jobs are not only to contest with targets but also to give worth productions. Due to this work burden, it becomes exceedingly difficult to maintain work – family life. Many a times, people, in the quest for reaching the top, work so hard, that they miss out on the real pleasures of life. While it is absolutely great to have a flourishing career, it is equally domineering to have a life external work. This study is conducted in private sector banks in Perumbavoor locality. The data samples will be collected 100 private bank employees in perumbavoor. The sampling technique is used for this study is convenient sampling.
