- Kollam, Kerala

## CORE STRENGTHS

- Quick-thinker**

I effectively located a standardized tool called Bloom's score which helped differentiate our subjects' KAP scores and transformed our results which in-turn aided our project presentation.

- Attention to detail**

During my internship, I successfully identified a medication causing irregular heart-rate in a comatose patient and alerted the nursing staff to alter the course of medication and avoided a therapeutic crisis.

- Effective communication & Time Management**

Volunteered to organize and conduct activities for National Pharmacy Week 2022 and successfully carried it out with 60 - 80 registrations.

## PROFILE

Registered Doctor of Pharmacy(PharmD) graduate with a talent for quick-learning and recognizing the patterns in anything and everything. I have experience working as an intern at various multi-speciality hospitals and is looking to contribute to patient safety and healthcare optimization through collaboration and active decision-making.

## EDUCATION
