

ANANDHU ANIL

SUMMARY

Analytical and critical thinker trained in chemistry. Seeks opportunities to expand knowledge and optimise applications of chemical processes. Ready to learn and contribute in team-based environment.

EDUCATION

Bachelor of Science, Industrial Chemistry, 2021

Govt. College (Affiliated to MGU Kottayam) - Manimalakkunnu ,
Ernakulam

- Chemistry Graduate (Specialized in Industrial Chemistry)
 - Passed Higher secondary stream with 75% marks in, Bio-maths (Biology,Physics,Chemistry,Mathematics) combination, 2015
- St. Mary's H.S.S. Thalacode** - Mulanthuruthy

GBFS Course (Skill Course) , 2015

ASAP , Kerala Govt. - Koothattukulam

This program is introduced to meet the growing demand for skilled people and to help students enhance the generic skills to become more industry-ready, with special focus to the BPO sector.

S.S.L.C With 86% Marks, 2013

St.Mary's H.S.S. Thalacode - Mulanthuruthy

Master of Science, Industrial Chemistry

DB PAMPA College - Parumala , Pathanamthitta
(In Progress)

LANGUAGES

Malayalam, English: First Language

SKILLS

- Raw material analysis
- Laboratory equipment functions
- Chemical interactions
- Quantitative experiments
- Chemical composition analysis
- Qualitative experiments
- Raw material testing
- Distillation management
- Lab management
- Organic compound testing
- Inorganic compound analysis
- Organic compound analysis
- Lab equipment maintenance
- Chemical safety analysis
- Test result analysis
- Chemical and molecular analysis
