MTR Food Pvt Ltd

In this company I have worked as a Factory
medical officer. I have been Promoting and
ensuing the health and safety of 900
employees in this company. My primary role is
to enhance the physical and mental well being
of employees, as well as prevent and manage
work related illnesses and injuries and also
educated them about the importance of
healthy life style...

Springleaf Healthcare pvt ltd.

I have worked as a casualty medical officer in

this hospital in the emergency department at evening schedule to enhance my clinical experience. In this hospital my primary responsibilities include Assessment of patient conditions, prioritize treatment based on severity . Conducting medical evaluation including history taking , physical examination and interpretation of diagnostic tests. Communicating with the patients and families to gather relevant information and provide explanations regarding the diagnosis and treatment plan.

Stabilize patients with trauma, severe illnesses, or other life threatening conditions and initiating necessary treatment. I also used to deal suturing , I&D etc .

Marvel Multispeciality hospital

I have worked as an ICU resident in this hospital. In this hospital my primary role includes close monitoring of patients in the ICU , Assessing their condition and intervening promptly in case of any deterioration. As an ICU resident I'm proficient in various procedure and techniques commonly used in ICU such as Central line placement, Arterial line placement, Intubation. I used to have a regular communication with the patient's attenders, updating them on the patient's condition, prognosis and treatment plan and also have effective communication with the healthcare team to ensure best treatment outcomes of patients. With this ensuring accurate and timely documentation of patient.

With this clinical practice I'm doing a fellowship course in critical care to enhance my clinical and theoretical knowledge to provide best services for the organisation that I'm working also the patients who coming under me.
