## **EXPERIENCE/SKILL SET:**

- Performed various minor Oral Surgical procedures such as Biopsies, Extractions, Pre-prosthetic Procedures and Implant Dentistry.
- Assisted in Major Surgeries like Genioplasty, Open Reduction and internal fixation of various fractures in the Oral & Maxillofacial region, excision of various lesions followed by reconstruction, Cleft Lip and Palate surgery.
- Simultaneously, posted successfully in different medical related branches to widen the horizon of knowledge such as Neurosurgery, Plastic Surgery, Anesthesia, Oncology, Craniomaxillofacial surgery, Ophthalmology, Orthopedics, ENT, General Surgery, and General Medicine.
- During the course, I have completed the KLE Oral and Maxillofacial Implant Dentistry course horizontally.

## **PERSONAL SKILLS:**

- I am a confident communicator who can relate well to patients. I have a proven ability to ensure that I can diagnose and perform various surgical procedures affecting the oral cavity.
- I possess a deep desire to consistently improve my skill and learn from each case that I undertake.
- If I lack knowledge, I do not hesitate in asking help or learning and do so patiently and whole-heartedly.
- I can work efficiently as part of a team and have a flexible approach to work.
- I am looking for an opportunity to learn and work in your esteemed and prestigious institution to further develop myself professionally
