Education

BACHELOR OF SCIENCE RADIOGRAPHY AND IMAGING TECHNOLOGY

The Tamil Nadu Dr MGR Medical
University,Chennai

KARPAGA VINAYAGA INSTITUTE
OF MEDICAL SCIENCE AND
RESEARCH CENTER.

2018-2022

Grade-70%

Skills

- Patient shielding expertise
- Precise body positioning
- Dependable and responsible
- Patient advocacy focus
- Effective team management
- Contrast media preparation
- Strong communication skill

About Me

As a Recent Radiography and Imaging Technology graduate seeking to launch a rewarding career as a dedicated Radiographer. Eager to contribute theoretical knowledge and practical skills to a dynamic healthcare team. Committed to delivering high-quality patient care through accurate diagnostic imaging. Passionate about continuous learning and embracing new challenges to excel in the field while upholding healthcare ethics.

PROFESSIONAL SKILL

- Proficient in operating a wide range of Radiographic equipment, including MRI, CT, X-ray, Dental X-ray, and C-arm.
- Demonstrated ability to excel in fast-paced and high-pressure environments.
- Implemented effective techniques to minimize patients' radiation exposure during x-ray and CT imaging, ensuring their safety and well-being.
- Conducted radiographic imaging procedures following established protocols, ensuring accurate and high-quality results.
- Collaborated with radiologists to perform specialized imaging procedures, contributing to comprehensive patient care.
- Utilized excellent communication skills to educate patients about procedures, address their questions, and alleviate any concerns they may have.
- Competently administered contrast media and monitored patient reactions, prioritizing patient comfort and safety throughout the process.

CLINICAL EXPERIENCE

RADIOGRAPHER-INTERN

JUNE 2022-JULY2023

KARPAGA VINAYAGA INSTITUTE OF MEDICAL
SCIENCE AND RESEARCH CENTER.

- Performed MRI scans on patients with different medical conditions
- performed in CT scanning procedures and analyzing results for accurate diagnostic imaging
- Experienced in conducting X-ray scanning to obtain clear and precise images for diagnostic assessments
- Skilled in utilizing C-arm scanning technology to assist medical procedures and provide real-time imaging guidance.
- Proficient in conducting special procedures like barium studies to facilitate comprehensive diagnostic imaging and aid in patient treatment plans.
- Proficiently executed mobile X-ray procedures in the Intensive Care Unit (ICU) to deliver immediate diagnostic imaging support for critically ill patients
- Experienced in performing OPG (Orthopantomogram) imaging to capture panoramic X-ray images of the maxillofacial region for dental evaluations and treatment planning.

LANGUAGES

- English - Proficient
- Hindi - Intermediate
- Arabic - Read and write only
