CAREER OBJECTIVE

Seeking a position at a medical college / Research hospital / diagnostic laboratory, where I can apply my 3 year post graduate Pathology experience and 1 year pathology senior residency experience, hence provide the best diagnostic and prognostic service and to pursue a simultaneous teaching career.

CAREER SUMMARY

- A trusted, self- motivated and experienced doctor with a long history of serving patients by successfully diagnosing and prognosticating neoplastic and non- neoplastic lesions.
- Experience in diagnosing the disease and providing best medical help.
- Experience in various skills like FNAC, Bone marrow aspiration and biopsy.

I have kept myself updated by attending several CME, Conferences, Workshops including those in IHC, FISH, Cytogenetics hands-on training.

Experience of the day to day management of a busy pathologist's reporting and maintaining a good turn- around time.

- Expert in research work and has presented a poster and 1 paper over a period of 3 years post-graduation with a few articles in queue for publication.
- Experienced in teaching Post graduate students, Undergraduates, Nursing students and Allied Health Science students.

KEY RESPONSIBILITIES HANDLED

- Trained in Histopathology, Histotechniques, Cytology, Hematology diagnosis and reporting.
- Dealing sympathetically with sensitive circumstances.
- Keeping up to date with the latest diagnostic procedures, techniques, quality control and new machines.
- Performed more than 100 fetal autopsy and bone marrow aspiration and biopsy and several hundred FNACs.
- Trained in Blood banking and attended and conducted several blood donation camps.
- Worked in a pressurized environment and produced the best result.
- Trained new junior doctors.
- Lead the team and provided help to the team whenever team work was mandated.

PERSONAL QUALITIES

- Dealing with the specimen and cases with quality of service.
- Excellent communication skills in written and verbal, both in English and Malayalam..
- Can converse well in Kannada
- Can read, write and understand Hindi.
- Able to lead and motivate staff.
- Ability to prioritize work load during busy periods.
- Controlling multiple projects at the same time.
- Dedicated to learn and update the existing knowledge while working and to keep the career progression stable.

TECHNICAL SKILLS

- Well versed with the basic use of computer.
- Familiar with all histotechniques, staining procedures and trouble-shooting.

- Internet savvy.
- Have used statistics softwares like SPSS and Epi Info for research and career development.
- Have completed Basic Course in Bio-medical research and have good knowledge and experience in publication works.
- Have basic knowledge IHC, FISH, Karyotyping, electrophoresis, HPLC and other cytogenetic tests.
- Acquired Neuropathology skills from NIMHANS and Oncopathology training from KIDWAI Institute 15 days each.

ACHIEVEMENTS

- Participated in state level Post- graduate quiz competitions-ESI Medical College Bengaluru.

PUBLICATIONS

- Reddy Purushotham, Vernekar Sunita, Choukimath S. M, Bhavikatti Bharati, Abhisha RS (2022). Ovotesticular Disorder of Sex Development with Normal Karyotype: A Rare Case Report. Saudi J Pathol Microbiol, 7(11): 438-440
