DOB: 07-03-2001

OBJECTIVE:

Seeking a suitable position as OT/Anesthesia Technician under the Surgery Department of any well known hospitals in Kerala. To find a suitable long term career to expand my own knowledge and skills in OT/Anesthesia profession.

LANGUAGE

- English, Malayalam, Tamil

SKILLS:

- Assisting with anesthesia administration
- Setting up and maintaining anesthesia equipment
- Sterilizing equipment
- Assisting with patient positioning
- Preparing the operating room
- Monitoring the patient during surgery
- Clearing up after surgery
- Assisting intubation and extubation with general anesthesia
- Assisting epidural anesthesia
- Infusion pump will be set and medicine will be given through it during operation
- Assisting upper and lower extremity blocks
- Maintaining anesthesia work station
- Blood and fluid transfusion
- Monitoring will be done and medicine will be given
- Suction
- Laryngoscope

WORK EXPERIENCE

My expertise includes performing various tasks such as preparing and maintaining operation theaters, sterilizing equipment, assisting surgeons and nurses during procedures, and ensuring the safety of patients and staff. I have a strong understanding of medical terminology, anatomy and surgical procedures, which allows me to work effectively in a fastpaced and challenging environment.
