OBJECTIVE

As a passionate practitioner of medicine my aim is to use my expertise in the field of medicine for curing the sick and help them regain the state of health and wellbeing. Along with spreading awareness amongst the masses of various ways to maintain hygiene and good health

EDUCATION

2023	MD Paediatrics Govt. Medical College Kozhikode
2022	Post graduate program in Paediatric Nutrition Boston University School of Medicine,USA
2019	MBBS Jubilee Mission Medical College, Thrissur

EXPERIENCE

-	<p>I possess a three-year junior residency experience at Calicut Medical College, the largest hospital in India by number of beds, with a significant focus on pediatric and maternal care</p> <p>During my tenure, I actively participated in specialty clinics, including Pediatric Nephrology, Pediatric Endocrinology, Pediatric Neurology, and Pediatric Rheumatology.</p> <p>With the hospital handling 30-40 deliveries on a daily basis I have been accustomed to neonatal care</p> <p>I have honed my patient care skills in emergency settings with 8 months of PICU and Emergency room experience</p> <p>In my three-year tenure I have had handled monthly outpatient duties, treating upto 100 patients on a daily basis</p> <p>Additionally, I accrued five months of valuable experience in pediatric Hemato oncology, specializing in the diagnosis and treatment of children with leukemia and various hematological conditions, such as thalassemia and sickle cell anemia.</p> <p>I also took on a supervisory and teaching role, overseeing undergraduate students and house surgeons in their clinical training.</p> <p>Attended various workshops on pediatric echo and USG</p>
