- 2017  
Higher Secondary (12<sup>th</sup>)  
Govt. of Kerala
- 2018 - 2021  
BSc. Radiology & Imaging Technology  
Singhania University, Rajasthan

## AREAS IN WHICH CONFIDENT TO WORK WITH

Radio diagnosis including :

- X ray
- C arm
- Mammography
- BMD
- OPG
- All diagnostic radiographic procedures in the radiology department.
- Manage EMR, HIS, PACS & Tele radiology.
- Perform CR, DR and Manual Radiography.
- Perform Dental X-ray
- Perform special radiology procedures like Barium studies & Urological contrast studies like IVU , RGU and MCU etc

## EQUIPMENTS HANDLED

- 800 mA Digital Radiographic system (Dura-Diagnost-PHILIPS healthcare)
- 600 mA X-Ray Machine (Allengers 625-Horizon)
- 300 mA X-Ray Machine (GE Healthcare-DX 300)
- 300 mA X-Ray Machine ( SIEMENS)
- 100 mA Portable X-Ray Machine (GE Healthcare-BRIVO XR115) with BPL EVS Flat Panel Detector (Detachable DR)
- 100 mA Portable X-Ray Machine (SIEMENS-MULTIMOBIL)
- Mammography Machine (Allengers Venus-Adv.)
- Bone Mineral Densitometry (Lunar DPX Series & BMD Scanner from GE Healthcare)
- C arm Machine ( Skan ray)

## TRAININGS

- Radiology Reception and patient Management
- Magnetic Resonance Imaging
- Film Dispatch
- Outpatient sections
- General Radiography units
- Special Investigations I
- Pediatric radiology
- dental radiology
- Ultrasound scanner and Colour Doppler
- Compound tomography
- Fluoroscopy

- Special Procedures II
- BMD, OPG, Mammogram
- Good Knowledge about Medical Terminologies, Anatomy & Physiology
- Problem Solving & Technical Skill
- Excellent Communication & Interpersonal Skill
- Practical Capabilty
- Committed to organisation Values
- Team Player
- Accept workload and Responsibilities
- Compassion and Empathy
- Work Quality
- High Quality Patient care and Services
- Respect
- Integrity
- CPD
- Behavioural Management Techinques
- Observation and Analytical Mind Confidentiality
