Professional Work Experience

Registered Staff Nurse - ICU

| March'2020 – Present

Evaluating Intensive Care unit patient's condition and administering treatment, as well providing constant support throughout recovery time. Working directly with patients to ensure they receive the attention and medical care needed based on their condition.

- ✚ Monitoring exact, detailed reports and records of the critical ICU patients.
- ✚ Monitoring and record symptoms and changes in patients' conditions and information to the physician.
- ✚ Evaluating diagnostics tests to identify and assess the patient's condition.
- ✚ Modifying patient treatment plans as indicated by patient's response and conditions.
- ✚ Administering intravenous fluids and medications as per doctor's order.
- ✚ Directing and supervising less-skilled nursing/health care personnel or supervise a particular unit on one shift to patient's response and conditions.
- ✚ Treating wounds and providing advanced life support.
- ✚ Ensuring that ventilators, monitors, and other types of medical equipment function properly.
- ✚ Ensuring that equipment or devices are properly stored after use.
- ✚ Identifying malfunctioning equipment or devices.
- ✚ Collaborating with fellow members of the critical care team.
- ✚ Responding to life-saving situations, using nursing standards and protocols for treatment.
- ✚ Assessing patients' pain levels and sedation requirements.
