Objectives

Eager to begin a career in health administration, combining my academic knowledge, analytical skills, and passion for healthcare to make a positive impact on healthcare organisations operational efficiency and patient outcomes. Seeking a challenging position in the healthcare industry where I can leverage my MHA education and practical experience to contribute to organizational success. To obtain a position in healthcare administration that allows me to utilize my MHA background, strong analytical skills, and problem-solving abilities to optimize operational efficiency and drive sustainable improvements in patient care.
