PERSONAL DETAILS

Date of Birth : 1/3/2002
Nationality : Indian
Religion : Muslim
Gender : Female
Place : Idukki

SKILLS

Team building sales. Communication skills C Programming Knowledge of MS Office Problem Solving

LANGUAGES

English Tamil Malayalam

OBJECTIVE

To attain a better position through continues Seaming, association and contribution in the of biomedica engineering and thus reach greater highs in my career.

EXPERIENCE

Sabine Hospital & Research Centre Pvt. Ltd
-
Biomedical Engineering
6 months experience as an observer, trainee at sabine hospital and research centre pvt Ltd

EDUCATION

Model polytechnic college Painavu
2021-2023
Diploma in biomedical Engineering

St. George H.S.S Vazhathope
2017-2019
Higher secondary education

Vimala H.S Vimalagiri
2016
Secondary school education

PROJECTS

PORTABLE COLD STORAGE BOX
The Portable Cold Storage Box is a mini project designed to address the need for reliable storage solutions for vaccines, medicines, and other temperature-sensitive products. The project Involves building a small, portable storage box that can be used to keep products at a specific temperature range, even in areas with limited or no access to electricity.

Portable Dialysis Unit
Duration: 2 month
Team size: 4
Explanation The utility model relates to a portable vaccine refrigeration inoculation hood which belongs to the technical field of medical devices. The technical proposal is as foliows the portable vaccine refrigeration inoculation hood comprises a hood a hood cover and a strap and is characterized in that a constant temperature wall is fixed on the inner surface of the hood a battery is fixed at the bottom of the hood. The portable vaccine refrigeration Inoculation hood has simple structure, is convenient to be used, can store vaccine for a long time, and can keep the effect of the vaccine.
