Objective

Highly motivated and recently graduated Cardiac Technologist, seeking to leverage my comprehensive knowledge and practical experience in cardio technology. Proficient in performing ECG, Echo, TMT and all cath lab procedures. I am eager to apply my skills in a challenging and dynamic healthcare environment. My goal is to contribute to the accurate diagnosis and effective treatment of cardiovascular conditions, while continuously learning and growing professionally. I am committed to providing exceptional patient care, maintaining up-to-date knowledge of advancements in the field, and adhering to the highest standards of safety and compliance
