Professional Summary

- I am a clinical perfusionist, completed my internship at Amrita Institute Of Medical Sciences, Kochi, with experience in Adult, Paediatric and Neonatal cases.

Objective

Seeking a challenging role as a perfusionist, leveraging my expertise in cardiovascular support and dedication to optimizing patient outcome through exceptional perfusion techniques and teamwork within a healthcare environment

Education

- **Amrita institute of medical sciences kochi** 2019-2023
Bachelor of science in cardiac perfusion technology

Skills

- Handled different scenarios on pump.
- Team collaboration with the surgeons, anesthesiologists and other healthcare professionals.
- Effective verbal and written communication.
- Strong sense of responsibility.
- Risk analysis and management.
- Knowledge on theory and practical.
- Attention to detail.
- Equipment maintenance - cleaning, quality control and inventory.
- Time management.

Experience

- Performed 30 cases independently and has assisted over 1000 cases (adult and paediatric)
- Assembles appropriate CPB circuit maintaining sterile technique.
- Primes circuit with appropriate solution and performs requisite debubbling procedures
- Performs necessary checks and tests to ensure the working order and integrity of the circuit
- Maintains Patient hemodynamics and physiological parameters within safe ranges.
- Operates circulatory support system (ECMO and IABP).
- Appropriate documentation of the perfusion records.
- Cleans all equipment and restocks supply cart.
- Safe administration of intravenous drug as per protocol.
- Equipment maintenance and management of inventory.
- Quality maintenance.
- Attends internal and external educational meeting.

Equipments Handled

- HLM Terumo Sarns 8000
Sorin stockert S5
Maquet HL20
- TCM Sorin Stockert
Maquet HCU-40
- IABP Teleflex Arrow ACAT-3
Datascope CS300

ECMO Maquet rotaflow

CELL SAVER Fresenius Kabi

VAD Centrimag

Project

- Adult and Paediatric perfusion
-
