WORK HISTORY

June 2021 - Current

Optometrist, RCM Eye Hospital , Thripunithura

- Prescribed eye treatment and corrective eyeglasses and contact lenses to align with patient diagnosis.
- Examined, diagnosed and managed diseases and disorders of eyes and associated structures.
- Referred patients with indications of pathological condition to ophthalmologist for additional examination.
- Interviewed and examined patients with full range of vision problems and consulted medical charts to assist with diagnosis.
- Calculated proper prescription employing formulas for single corrective lenses, contact lenses, prisms, aniseikonia and aphakic lenses.
- Conducted regular inventory of eyeglasses frames and prescription contact lenses, maintained stock levels and submitted orders to vendors.
- Leveraged full field of optometric instruments and equipment to determine patient visual acuity, amplitude of accommodation and refractive state.
