## Summary

Highly skilled Nurse with a strong foundation in providing comprehensive patient care. Demonstrated proficiency in assessing the needs of patients, developing individualized care plans, and implementing evidence-based interventions. Committed to promoting positive patient outcomes through diligent monitoring, accurate documentation, and effective communication with interdisciplinary healthcare teams. Experienced in coordinating and executing complex medical procedures, while maintaining a compassionate and empathetic approach towards patients and their families. Seeking to leverage my skills and experience to contribute to a dynamic healthcare organization focused on delivering exceptional quality care.
