OBJECTIVE

To secure a Respiratory Therapist position in a dynamic healthcare environment where my skills in patient assessment, ventilator management, and treatment planning can be leveraged to improve respiratory outcomes and enhance the quality of patient care. Passionate about delivering evidence-based respiratory therapy interventions, I am eager to collaborate with interdisciplinary teams to optimize patient wellness

WORK EXPERIENCE

Done internship for one year at Manipal Hospital, Mysuru 2022-2024

● IN THE DEPARTMENT OF ICU, PUIMO OPD AND EMERGENCY.

- Delivered treatment to patients experiencing chronic and acute respiratory illness by conducting assessments and providing diagnosis
- Monitored patient's physiological responses to therapy such as vital signs, arterial blood gases, and blood chemistry changes
- Administered oxygen therapy, aerosol therapy, and inhalation therapy to improve patients breathing and lung function
- Managed and operated mechanical ventilators to deliver airway management.
- Performed bronchial hygiene technique to remove mucus and secretions from patient lungs and improve lung function
- Continuous Cardiac and Respiratory monitoring of critically ill patients in ICU
- Monitored transport of ventilated patients
- Chest Physiotherapy and clearance of Pulmonary secretions
- Assisted Intubation and Tracheostomy.

SKILLS

- AIRWAY MANAGEMENT
- MONITORING PATIENTS
- WEANING AND EXTUBATION
- NON-INVASIVE VENTILATION
- CHEST PHYSIO THERAPY
- GOOD PROBLEM SOLVING
- ENDOTRACHEAL INTUBATION
- TRACHESTOMY CARE
- PULMONARY FUNCTION TEST
- ASSISTING IN BRONCHOSCOPY
- ABLE TO WORK INDEPENDENTLY AND TOGETHER AS A TEAM AND ALSO ABLE TO PERFORM/ASSIST
