Secure a responsible career opportunity to fully utilize my training and skills, while making a significant contribution to the success of the organization.

## Experience

 **Malankara Orthodox Syrian Church Medical Mission Hospital**  
**Kolenchery** *2023 - 2024*  
Laboratory technologist

## Education

 **Kerala university of health sciences** *2017-2021*  
Bachelor of science in medical laboratory technology  
60%

 **Gov.HSS pampakkuda** *2015-2017*  
Higher secondary  
70%

 **High School Ramamangalam** *2015*  
SSLC  
94%

## Projects

 **Study on neutrophils lymphocyte ratio in patients with pneumonia.**  
From the study it can be concluded that raised neutrophil-lymphocyte ratio is very common in pneumonia. Therefore, NLR is a good marker for pneumonia.
