Dedicated and compassionate recent medical graduate, seeking a non-academic Junior Doctor/Medical Officer position where I can apply my clinical skills and knowledge while preparing for the PLAB exam. With a special interest in **surgery**, I aim to contribute to patient care and surgical procedures while gaining valuable experience. Additionally, I am enthusiastic about conducting **clinical audits** to improve healthcare practices and **conducting classes** for nursing and paramedical staff, fostering a culture of continuous learning and development within the healthcare team.
