SUMMARY

A Resilient Doctor with a keen interest in joining as a Junior Resident. Currently serving as a **Casualty Medical Officer** at the Government Taluk Headquarters Hospital, Cherthala, I bring a wealth of experience from diverse medical sectors. My medical journey began with a transformative one-year internship at the General Hospital, Trivandrum, where I honed my diagnostic skills and patient care abilities. This was followed by a stint as a Junior Resident in Cardiology at MES Medical College, further broadening my medical expertise. I pride myself on my ability to make swift decisions in high-pressure environments and maintain a positive demeanor throughout my practice. My approach to patient care is holistic, viewing and treating each patient as a unique individual. My internship allowed me to demonstrate a robust understanding of patient care. I am well-versed in hospital protocols and committed to adhering to standards, policies, and procedures. As I look forward to enhancing my skill set, I am confident that I will be a valuable asset to your institution. My goal is to contribute positively to patient outcomes and the reputation of your esteemed institution.
